Our Physical Therapists are committed to providing service at all times that meets or exceeds the expectations of our patients. If you do not keep your appointments, we cannot see other patients who need our care.

It is important to your recovery to come to scheduled visits. If three consecutive visits are missed the therapist will have no recourse but to discharge you from their care.

Unless canceled within 48 hours, it is our policy to charge twenty (\$20) dollars for missed appointment(s). If you are unable to keep your appointment, please contact the office within 48 hours of the appointment at (410) 820-8226 option #1.
